FCST-CR120-VTC Vertical Tee

The fiber optic raceway vertical tee is a connector that enables three-dimensional routing and crossovers within the cabling system. It connects a horizontal raceway to two vertical raceways (or vice versa), facilitating the vertical routing, redirection, and interconnection of backbone and branch lines across different heights or planes.

- Inward turn; space optimization.
- 3D routing capabilities for spatial adaptability.
- Compliant with the UL94-V0 fire safety standard.
- Suitable for transitioning from a 120mm fiber optic raceway to a 120mm raceway vertically.

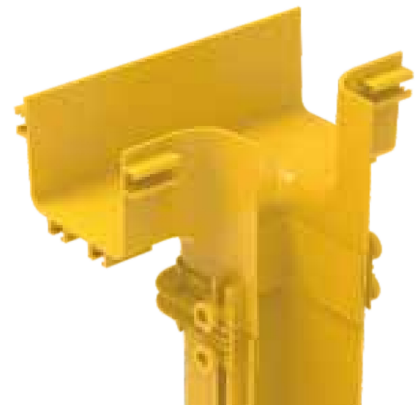

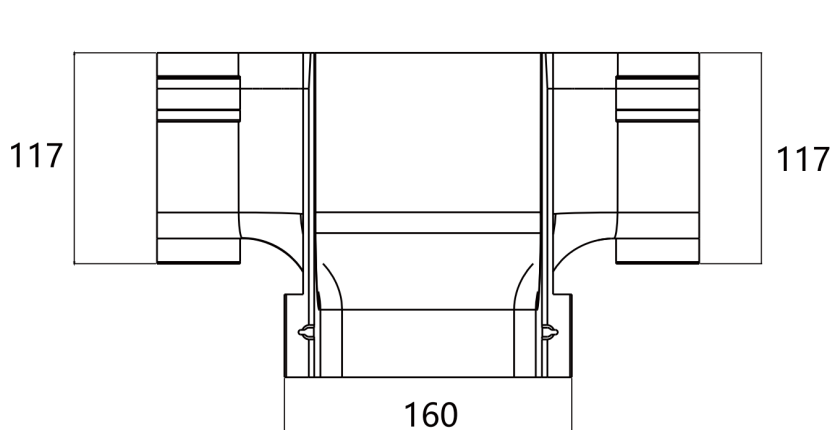

Product Specifications

Construction	Description
Material	ABS
Flame-retardant Rating	V0
Packaging	10PCS/CNT 4.79KG
Weight	479g

Product Structure

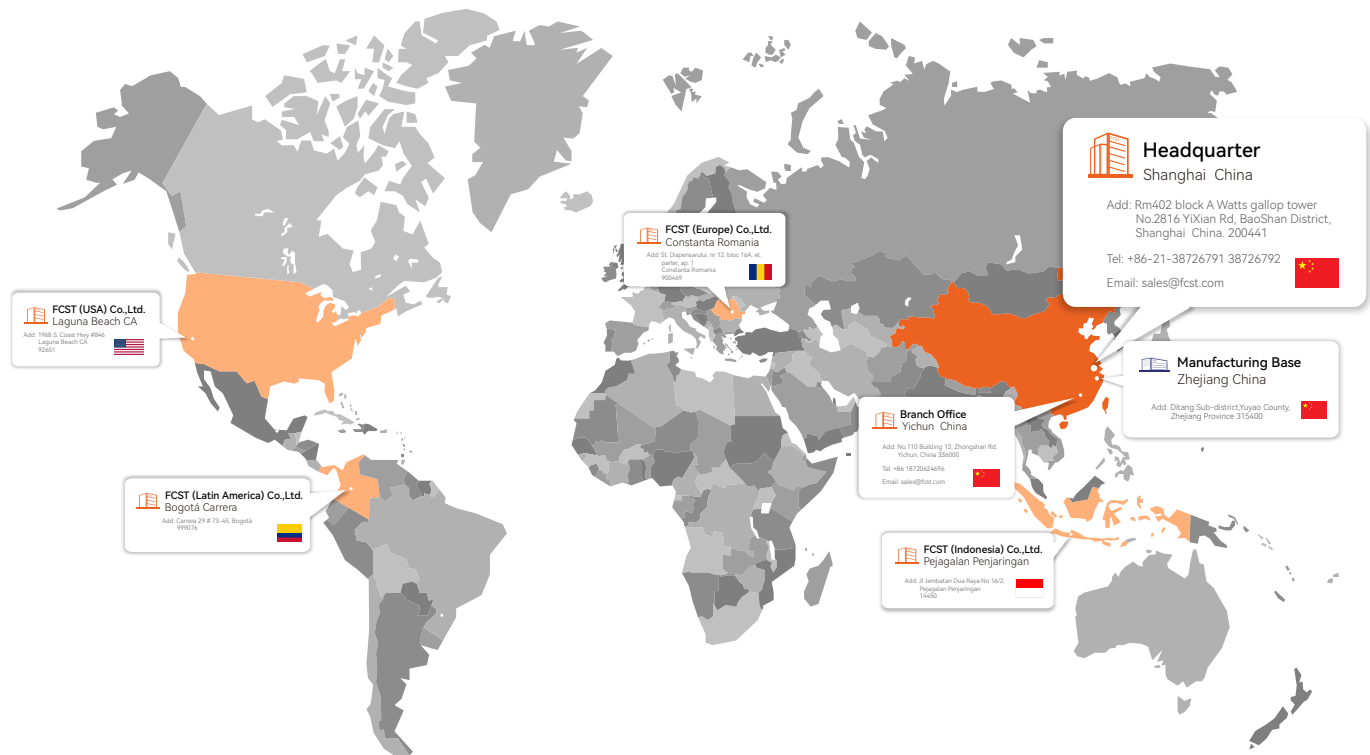

Unit:mm

Better FTTx, Better Life.

Fiber Cable Solution Technology Co.,Ltd.

FCST - Better FTTx, Better Life.

At FCST, we manufacture top-quality microduct connectors, microduct closure, telecom manhole chambers and fiber splice boxes since 2003. Our products boast superior resistance to failure, corrosion, and deposits, and are designed for high performance in extreme temperatures. We prioritize sustainability with mechanical couplers and long-lasting durability.

FCST aspires to a more connected world, believing everyone deserves access to high-speed broadband. We're dedicated to expanding globally, evolving our products, and tackling modern challenges with innovative solutions. As technology advances and connects billions more devices, FCST helps developing regions leapfrog outdated technologies with sustainable solutions, evolving from a small company to a global leader in future fiber cable needs.
