Product Overview

Fiber Optical Pedestal FCST090102 is designed specifically for the housing of fiber access terminals to provide an additional protection to the fiber passive equipments installed, the green environment-friendly appearance makes itself perfectly suitable for FTTH.

Product Advantages

- Water-proof design with IP-55 Protection level.
- Self-locking cover mechanism, with additional padlock.
- Removable cable entry plate with 3*50mm cable entrance,better performance for humidity-proof.
- Spacious inner space with universal mounting bracket, suitable for all types of FAT less than 300mm.
- Made by high strength industrial-standard engineering plastic,better performance on anti-aging and UV-proof.
- Stainless steel metal frame and anti-rusting components.
- 360 degrees air vents to keep a sound ventilation system.
- Smart design on packing, saves up to 30% on shipping cost.

Product Specifications

Construction	Description
FAT Max. Capacity	24Cores(SC)
Material	Non-metallice ABS
Dimension (mm)	700*φ310
Net Weight (g)	5660
The Max.Range Of Microduct Entrance(mm)	50
Protection Level	IP55

Pedestal with FAT

Bracket with FAT

Shipping Status

Cable Entry Plate

Note: The maximum range of microduct entrance is 50mm.

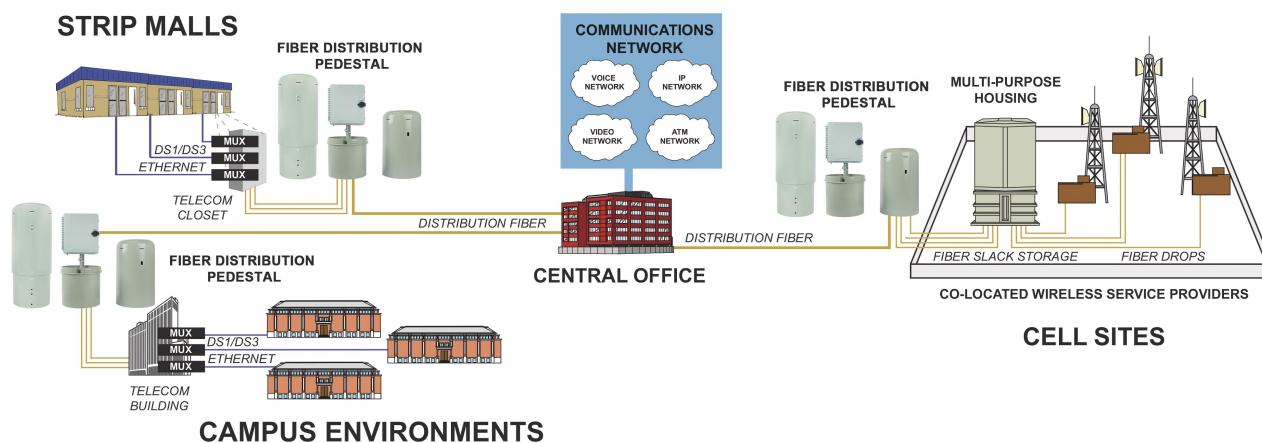

FAT Optional

12Cores	16Cores	24Cores
		

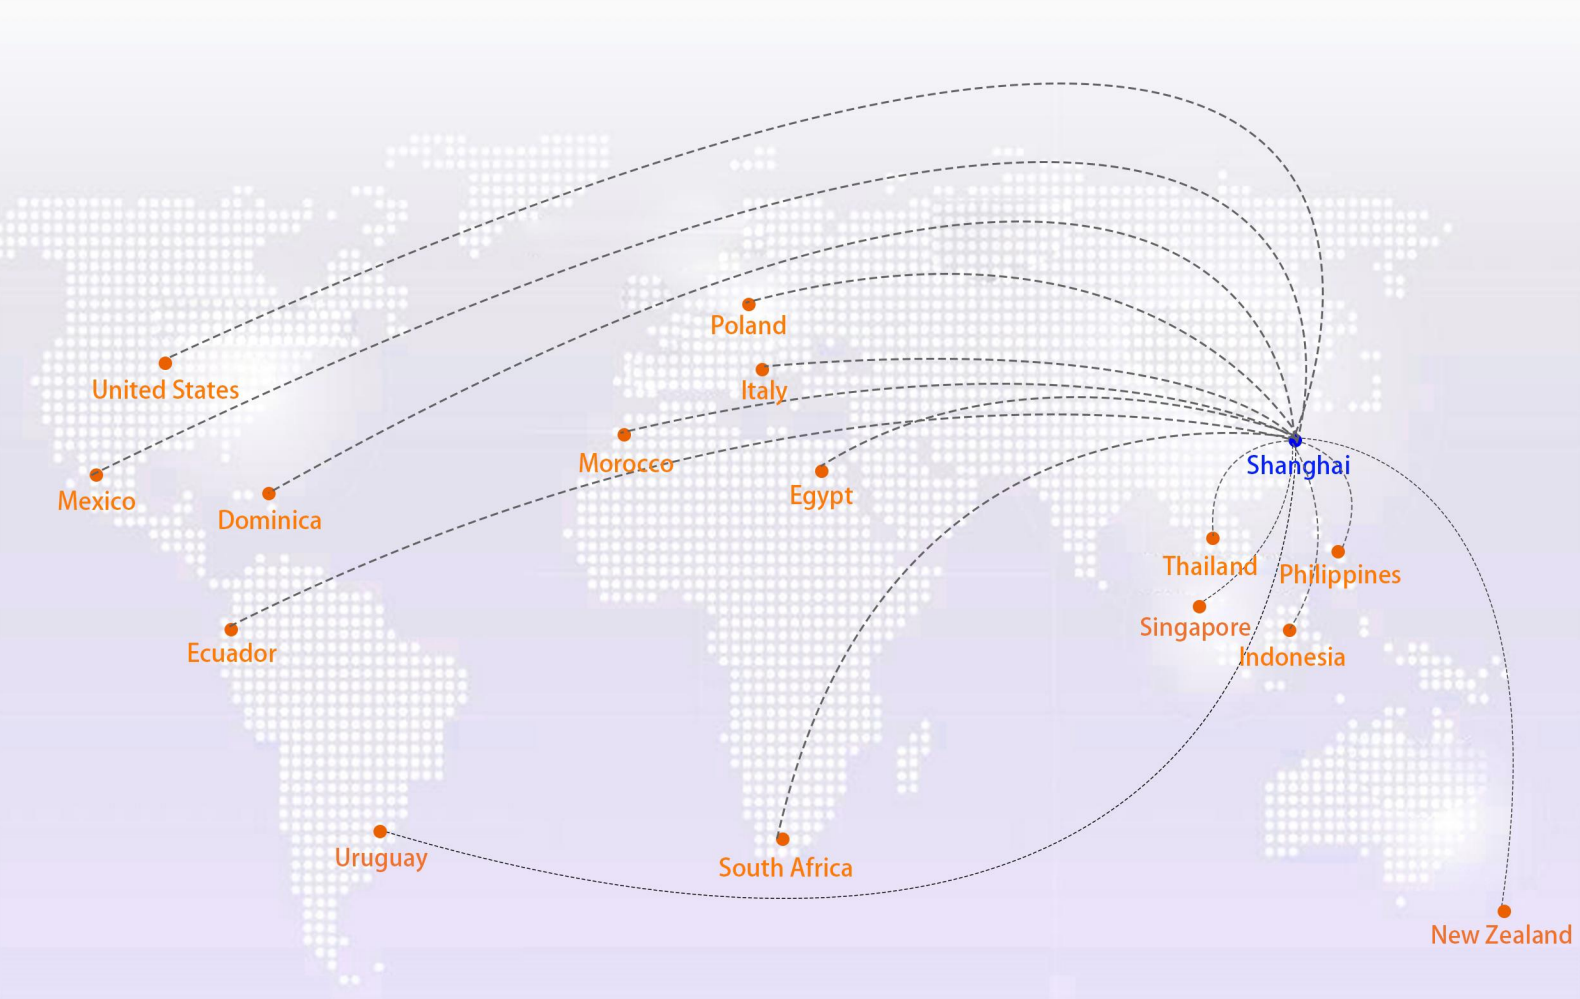

Product Application

- Widely used in FTTX Network.
- Telecommunication Networks.
- Data communications Networks and Local Area Networks.

Fiber Cable Solution Technology Co.,Ltd.

Overseas Agency

FCST - Better FTTx, Better Life.

We offer 4 solutions

- FTTH ODN Solution
- Underground Cable Installation Solution
- Aerial Cable Installation Solution
- Fiber Tools & Test Solution

As a FTTx solution supplier, we can also do ODM according to project. We will continue to innovate and contribute more to the construction of the global optical fiber network.

Rm402 block A Watts gallop tower No.2816 YiXian Rd, BaoShan District, Shanghai 200441.
